

IVAN BODNARASH

FRONTEND DEVELOPER | HTML5, SCSS, REACT, JAVASCRIPT

ivan.bodnarash.dev@gmail.com 687182507 Spain

Portfolio GitHub

SUMMARY

Frontend Developer with experience building dashboards, design system components, and client projects using React, TypeScript, Next.js, Tailwind CSS, and MUI. Focused on clean UI implementation, reusable components, maintainable code, and effective collaboration with QA, backend, product, and design teams.

PROFESSIONAL EXPERIENCE

Junior Software Engineer

Multiverse Computing - January 2026 – June 2026

- Worked on frontend features for a dashboard application using React, TypeScript, Vite, MUI, SCSS, and TanStack Query.
- Contributed to design system components, improving UI consistency, reusability, and maintainability across products.
- Built and refined reusable UI components based on product requirements and design specifications.
- Fixed UI bugs, handled review feedback, and supported testing efforts with Vitest and React Testing Library.
- Collaborated with backend engineers, product managers, and designers to validate features and resolve implementation details.
- Participated in GitLab workflows, merge requests, code reviews, and frontend delivery processes within an international team.

Frontend Developer

Freelance - June 2023 – January 2026

- Developed web applications for freelance clients and personal projects using React, Next.js, JavaScript, TypeScript and TailwindCSS.
- Built full-stack features using Node.js, Express, PostgreSQL, MySQL, Sequelize, JWT authentication, REST APIs and Firebase.
- Delivered websites and MVPs from scratch, including project setup, UI implementation, API integration, deployment, and handover.
- Created reusable components, structured project architecture, and improved maintainability across frontend projects.
- Integrated third-party APIs and handled asynchronous logic using custom React hooks, Context API, and state management tools.
- Gained additional exposure to backend and mobile development, including Django/Python and Flutter in freelance projects.

TECHNICAL SKILLS

Languages & Markup: JavaScript, TypeScript, HTML5, CSS3, SCSS **Version Control:** Git, GitHub, GitLab, Bitbucket
Frontend: React.js, Next.js, Tailwind CSS, MUI, Storybook **Testing:** Jest, React Testing Library
Backend: Node.js, Express.js, Sequelize, REST APIs, JWT **Other:** Figma, Vercel, Vite, Render
Databases: Firebase, MongoDB, MySQL, PostgreSQL **Cloud:** Azure Fundamentals (AZ-900)

PROJECTS

P.Slate – University schedule planner (2025)

A front-end scheduling tool designed to help university students build and compare class timetables.

- Built course search, section selection, conflict-free schedule generation, and weekly timetable views.
- Implemented bilingual English/Arabic support with RTL layout handling.
- Structured the app with React, Vite, Tailwind CSS, Zustand, i18next, React Router, and testable frontend logic.

QueTocaHoy – Collaborative household management app (2025)

A full-stack web app that helps families and groups organize daily tasks, recipes, and shopping lists in one place.

- Built the frontend with React, Vite, and Tailwind CSS, focusing on reusable components and clear task-management flows.
- Developed backend features with Node.js, Express, PostgreSQL, Sequelize, JWT authentication, and REST APIs.
- Implemented real-time updates using Socket.IO and deployed the app with Vercel, Render, and Neon.

EDUCATION

Bootcamp Full Stack Developer | May 2025 – September 2025

Fundación Esplai – Barcelona

Bachelor’s Degree in Civil Engineering | September 2018 – February 2021

Yuriy Fedkovych Chernivtsi National University – Chernivtsi, Ukraine

VOLUNTEER EXPERIENCE

Frontend developer

Kaleidoscope – 2024

- Improved user experience and engagement by redesigning key UI components and streamlining navigation across the platform.

ADDITIONAL COURSES

React – The Complete Guide | 2025

Udemy

Front-End Developer Course | 2023

ITVDN

LANGUAGES

- English:** Working proficiency
- Spanish:** Working proficiency
- Ukrainian:** Native
- Russian:** Fluent
